Project Piece: Duncan Oh Four Bisque -
#37467 Scurve Dinner Plate

Brushes: Duncan Signature
#6 Fan Glaze
#4 Square Shader

Color: Duncan
Concepts
CN253 Black
EZ Stroke
EZ012 Cobalt Jet Black
Glaze
IN1074 Cranberry Envision
Pure Brilliance Clear

Miscellaneous:
Sponge
Paper Towels/Water Container
Palette knife
Small cup/container
Drinking Straw
Eye Dropper
Masking/quilting tape

1. With a DRY sponge, wipe bisque piece to remove dust and prepare for painting.
2. Place 2 pieces of tape diagonal on plate to create a stripe. Placement can be vertical/horizontal or diagonally as desired..
3. Using Concepts black and square shader paint 2-3 coats in between tape to create stripe. Remove 1 piece of tape—the one that will be on the bubble side.
4. In cup mix: 2 teaspoons black concepts, 1 teaspoon water and 3 drops of black EZ Stroke. Add 2-3 drops of soap and mix.
5. Using drinking straw blow into paint mixture creating bubbles. Carefully let bubbles flow out of cup onto desired area of plate - Be careful to not tip cup sideways as mixture will pour onto piece :(. NOTE-place bubbles onto plate strategically with some white area showing NOT all in one spot. Bubbles should cover entire area including up side near rim.
6. Remove remaining tape.
7. Apply 3 smooth coats of Cranberry Envision with fan brush to side without bubbles, being careful to just butt up against black stripe.
8. Apply 3 coats of Concepts black to back of plate with fan.
9. Rim: use finger or sponge to rim edge of plate with 2-3 coats of the black. LET DRY
10. Apply 2 coats of Pure Brilliance clear glaze on top of area with bubbles.
11. Let dry, fire to witness cone 06, remove stilt marks AND ENJOY!
